<b>Vehicle Class</b>	<b>Class Description</b>
Antique thru 1949 except Street Rods	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Street Rod 1920-1948	Motor vehicle, or a reproduction thereof, with a model year of 1948 or older which has been materially altered or modified by the removal, addition or substitution of essential parts and with a gross weight or registered gross weight of not more than 9,000 pounds.
Stock 50's	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Stock 60's	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Stock 70's	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Stock 80's	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Stock 90's	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Stock 2000- present	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Custom/Modified 1950-1969	A factory-built vehicle that has been modified either to improve its performance, often by altering or replacing the engine and transmission, or it may be a personal design by the builder, making the car look unique and unlike any car that might have been factory built.
Custom/Modified 1970-1989	A factory-built vehicle that has been modified either to improve its performance, often by altering or replacing the engine and transmission, or it may be a personal design by the builder, making the car look unique and unlike any car that might have been factory built.
Custom/Modified 1990-present	A factory-built vehicle that has been modified either to improve its performance, often by altering or replacing the engine and transmission, or it may be a personal design by the builder, making the car look unique and unlike any car that might have been factory built.
Muscle Car	A high-performance automobile, built in the 1960's-1970's. The term generally describes an American 2-door rear-wheel drive mid-size with a large, powerful V8 engine and special trim, intended for maximum torque on the street or in drag racing competition. Normally was not built with comfort amenities of their counterparts.
Special Interest	A vehicle uniquely distinguishable from the usual, and/or designed for a particular purpose, such as a race car, military vehicle or bus, or built to a specific and unusual theme, either of which would generate interest because of its uniqueness or specialty function.
Trucks Stock 4x4	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Trucks Custom 4x4	A factory-built vehicle that has been modified either to improve its performance, often by altering or replacing the engine and transmission, or it may be a personal design by the builder, making the car look unique and unlike any car that might have been factory built.
Trucks Stock 2wd	Motor vehicle, but not a reproduction thereof, which has been maintained in or restored to a condition which is substantially in conformity with manufacturer specifications & appearance.
Trucks Custom 2wd	A factory-built vehicle that has been modified either to improve its performance, often by altering or replacing the engine and transmission, or it may be a personal design by the builder, making the car look unique and unlike any car that might have been factory built.
Tuners	Originally, Asian made imports but now this class has been expanded to include certain domestic cars. Common modifications include exhaust and some drive train alterations to increase performance. Body modifications include splashy paint jobs & spoilers. One other characteristic is the predominance of the extreme sound system, usually playing "bassy" rap or other modern tunes. Examples of Tuners include (but are not limited to) cars from Toyota, Mitsubishi, Honda, Acura and the domestic Dodge Neon.
Retro Muscle Car 2005-2023	High-performance automobile, 2005-2023 Mustang GT, Camaro SS, Dodge Challenger Hemi R/T, and Dodge Charger Hemi R/T, rear-wheel drive mid-size with a large, powerful V8 engine and special trim, intended for maximum torque on the street or in drag racing competition. (These models MUST BE THE HIGH PERFORMANCE MODELS)
